Shweta Yuvaraj Patil

Kolhapur, Maharashtra | Email | +91 9922787891 | LinkedIn | GitHub

Summary

B.Tech Computer Science Engineering graduate seeking an opportunity to apply my technical skills in software development and contribute to innovative projects while continuously learning and growing in a professional environment.

Skills

Programming Languages	C, C++, Java, Python
Client-Side Web Development	HTML5, Tailwind CSS, CSS3, JavaScript, React.js
Backend Development	Python Flask, REST APIs, Authentication
Database Management	SQLite, MySQL, Postgres
Tools and Platforms	Git, GitHub, VS Code, Android Studio
Soft Skills	Problem Solving, Adaptability, Collaboration, Teamwork

Education

Dr. D. Y. Patil College of Engineering, B.Tech in Computer Science and Engineering, Kolhapur — *Nov 2022 - May 2026*

- GPA: 8.05/10

Dudhsakhar Vidyaniketan College, 12th (Science), Bidri — *Jun 2021 - May 2022*

- Percentage: 71.50

Raghunath New English School Kasaba Walve, 10th — *Jun 2019 - May 2020*

- Percentage: 94.40

Work Experience

Python Developer Intern (Anvistar ITS Pvt. Ltd.) — *Jun 2025 - Jul 2025*

- Developed a CRM (Customer Relationship Management) web application using Python and Django framework
- Designed and implemented responsive user interfaces using HTML5 and CSS3
- Built backend functionalities including user authentication, data management, and form handling
- Integrated Django with XAMPP (Apache & MySQL) for local server setup and database management
- Created modules for customer data tracking, lead management, and record updates
- Performed debugging and testing to ensure smooth performance and reliability
- Collaborated on improving UI/UX and optimizing application workflow

Technologies: Python, Django, HTML5, CSS3, XAMPP, MySQL

Projects

Personal Portfolio Website — *Jun 2026 - Jun 2026*

- Developed a responsive portfolio website to showcase projects, technical skills, certifications, and academic achievements.
- Designed and implemented a modern user interface using React.js and custom CSS with smooth animations and interactive components.
- Integrated project galleries, resume viewing functionality, and social media links to improve accessibility and professional presentation.

Technologies: React, CSS, Vercel

Live Demo - Check it out

Smart Task Manager — *Feb 2026 - Feb 2026*

- Developed a task management web application using **React** to organize and track daily tasks.
- Implemented features for creating, deleting, and marking tasks as completed.
- Designed reusable React components and state management for efficient UI updates.
- Built a responsive interface using modern frontend development practices.

Technologies: React, Flask, Postgres

Live Demo - Check it out

Personal Finance Tracker *Dec 2025 - Jan 2026*

- Built a full-stack Personal Finance Tracker using Flask, Postgres, HTML, Tailwind CSS, and JavaScript.
- Implemented secure authentication, transaction management, and budget tracking with session handling and database integration.
- Worked on dynamic dashboards and financial reports by connecting frontend UI with backend APIs.

Technologies: HTML5, Tailwind CSS, JS, Flask, Postgres

Live Demo - Check it out

SchedulEasy *Mar 2025 - May 2025*

- Developed an Android application to automatically generate and manage academic timetables.
- Implemented SQLite database to store timetable information.
- Added functionality to generate and share timetable as PDF.
- Built user interface using XML layouts in Android Studio.

Technologies: Java, XML, SQLite

GitHub - Check code here

Password Generator *Jan 2025 - Jan 2025*

- Developed a web application using Python Flask to generate secure random passwords.
- Implemented password generation logic using Python `random` and `string` modules.
- Created a simple web interface using HTML, CSS, and JavaScript for user interaction.

Technologies: HTML5, CSS, JavaScript, Flask

GitHub: Check code here

Certifications

- Python Programming Cerification - (*HackerRank*, 2025)
- AWS Cloud Fundamentals Certification - *(AWS Skill Builder,* 2025*)*
- Elements of AI Certificate - *(MinnaLearn, 2025)*
- NPTEL - Programming in Java *(SWAYAM / IIT 2024)*
